I highly recommen Cape Fear Fence! The fence came in much sooner than expected, and it is beautiful. Joe and his crew did a fantastic job installing, particularly in a difficult corner of our yard. The price was reasonable for the size of the job. We will definitely go with CFF for our porch railing. We are very pleased overall quality of the product and workmanship.

Reached out to multiple fence contractors and ultimately chose to use Cape Fear. They where the only company that made me feel comfortable. They where not the cheapest price, but they definitely provided value others didn't to justify the slightly higher pricing. I had a lot of questions and Dylan answered them all and made sure he help answer any questions I had. Super happy with my decision.

Cape Fear Fence is the best fence company in Brunswick County. They actually show up on time, answer the phone/respond to messages unlike other companies we received estimates from. Cape Fear not only provided the best customer service I've ever received from a any construction company, but they also installed a beautiful wood fence for our backyard. Will definitely recommend Cape Fear Fence in the future.

I filled out their form online for a estimate and nothing, no phone call, no email. I waited four days and filled the form out again. This time I will follow up with a phone call.

I also think any form filled out online should send an automated email with the information you entered. This way you have the date you submitted the form and exactly what you entered.

If they do install the fence, I'm hoping the experience is better than what I have seen to date. The jury is still out in all fairness.

Joe was responsive to our needs and had the fence done on time. When he noticed a couple of issues after the initial install he promptly had a crew out to the house to fix the issues. The issues were mainly miscommunication between me and him on what was expected through no fault of his or his crew. I would have Joe and his company out to do more fence work in the future if necessary!

Austin responded to my request for a fence estimate the SAME day that is was requested. The estimate was done in a timely manner, and all questions we had about the fence options were answered. The work began on the day and time discussed and was completed on time. The quality of work is excellent! An added bonus was the professionalism and friendliness of both Austin and his employees.

I would definitely recommend that you give this company a call if you need fence work. Cape Fear Fence is committed to customer satisfaction.

Austin was awesome. We had a date the fence was needed by and he was able to get the fence installed. They were very responsive to any questions we had. Their price beat all the other estimates we got for the job. Very satisfied. Highly recommend them

These guys came in like gang busters and hit a home run with my fence. Price was fair, and work was very well down. The owner stated his crew had never built a fence like this, but you would never know looking at it. I would use these guys again

They came out and provided me a quote the same day and completed the fence less than a week later. Super impressed with the quality of the fence. Waiting a couple of months before I have them come back out to stain the fence.

Best fence company in Brunswick County. The only company, out of 4 that we contacted, who sent our quote to us the same day. All 3 of the other quotes we received took 3-7 days to receive and 2 of the quotes didn't have the correct information on them. Cape Fear Fence was the most organized and professional company we met during the estimating process. Making a decision on what company to use was easy, because Cape Fear Fence simply blew the others out of the water. We signed the contract and within 3 weeks they had our fence completed. Couldn't have asked for a better experience.

We needed a custom wood fence to match our neighbors on both sides with gates as well as a section of black chain link in the rear of our property. We also asked for lattice to be installed along the base of our outbuilding. We were able to do all preliminary planning via video chat and set up a day for installation. They were prompt, responsive and did beautiful work. We highly recommend Cape Fear Fence for all your fencing needs.

Came on site for quote faster than the other two I called in Brunswick County. In fact 1 didn't even show up for their estimate.

Cape fear built a fine solid fence, in two days. Were neat and cleaned up after themselves, price was fair for a quality job.

I would use them again for repairs or new project.

Joe called me right away after I made contact. He came out when he said he would, and the installation time on my automatic gate replacement was way ahead of schedule. Caleb, who installed the gate, knew exactly what he was doing and worked quickly and neatly. I would recommend them to anyone!

GREAT experience with Cape Fear Fencing. Returned my phone call right away and were on site within days to repair a vinyl fence that other contractors were promising to fix for four months. Cape Fear engineered the vinyl posts needed so that I would not have to wait months and months for pre-made posts. AND they charged me the same price as they would have if they had used pre-made posts. Their price was also far lower than two other contractors. A three-man crew came, on time when promised, and professionally completed the job. I'll be calling them again for all my fencing needs (or anything else they can do).

Absolutely Amazing Service, Great Pricing and Quick Professional Installation....

My husband and I were coming back from getting a fence quote from another company when we saw the billboard for Cape Fear Fence. We called the number to inquire about getting a quote. They literally came out that same day. The quote ON THE EXACT STYLE FENCE was significantly less than their competitor and it was installed COMPLETELY a week later. Numerous neighbors have stopped by and exclaimed on the appearance of our fence and how it adds value to our property.

Do yourself a favor and find out for yourself how amazing and professional this company is. You will NOT be disappointed.
